

## STUDENT VISA

AUGUST 2018

### General information:

- If you wish to study at a college or university in Germany you are required to obtain a residence permit. This residence permit must be issued before you enter the country.
- Processing of the visa takes **about 10 to 12 weeks** upon submission of complete documents. The residence permit can be issued only upon approval by the competent authorities in Germany. You will receive a prompt notification upon completion of the processing. We ask that no status request is made if the required 10 weeks processing period has not yet passed.
- After the application has been approved, the German Embassy will issue a residence permit in a form of a visa with the duration for the first 90 days. A final residence permit for the whole duration of your course will be granted in Germany by the Aliens Authority. The Aliens Authority requires all residence permit holders to register upon their first arrival.
